

## Th.M. Program Supervision

The Office of Doctoral Studies requires each Th.M. student to have documentation on file regarding the supervision of his or her program. Supervisors are to complete the lower portion of this form in consultation with the student, preferably at the time the student's degree program plan is designed. Any change in program supervision, thesis option, or area of study must be reported to the Office of Doctoral Studies on a new Th.M. Program Supervision form and may require the approval of the Associate Vice President for Doctoral Studies.
