WOMEN'S MINISTRY
Fellowship for the Women of *Southern Seminary*

The PENDERGRAPH WOMEN'S MINISTRY initially came into existence to meet the need for fellowship and sharing of common experiences and concerns among wives of seminary students.

The widow of former Southern Seminary student Dr. G.R. Pendergraph recognized this need during her years as a Southern Seminary student wife, and in 1984, gave an endowment to Southern Seminary to establish a woman's organization that would minister to these seminary wives.

As a result of her initiative, in April 1985 a combination Bible study and support group was formed and met with great success. This later served as a model for the original seminary wives fellowship.

As God has continued to bless The Southern Baptist Theological Seminary, the ministry has grown to include all women who are a part of the seminary community. Thus, we are honored to bear the name PENDERGRAPH WOMEN'S MINISTRY.
